(INDIA'S PUBLIC SERVICE BROADCASTER)
PRASAR BHARATI SECRETARIAT

No. 7(163)/2019/IT/PBS

Dated: 16th August, 2019

CIRCULAR

In the process of automation for audio content flow mechanism that includes FPC recording register, cue sheet, talent booking system, duty room log book, royalty statement etc.; Prasar Bharati has developed cue sheet and talent booking system. Talent booking is under test. Cue sheet is already tested and in use at AIR Delhi. Now it is desired that the cue sheet should be used by All India Radio stations.

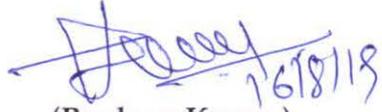

Salient features of cue sheet are:

1. Browser based - does not require any installation
2. Last minute changes can be made in the cue sheet that will reflect immediately to control room and transmitters
3. Cue sheet has provision for entering remarks by a Programme Head and Duty Officer in respect of performance / content
4. The biggest advantage of the software is saving of huge paper hence indirectly you can save thousands of trees

To access the software, stations are requested to log in <https://cuesheets.prasarbharati.org>. For log in ID and password, please contact:
