- c. **GSTN no. of Doordarshan** : 07AAAJP0288R1ZH
12. **Packing & Marking** : Packing and Marking as laid down in the relevant clause 12 of the General conditions of the contract DGS&D-68 (Revised).
13. **Particular Governing Supply**
- a. **Manufacturer's name** : **As mentioned under col. Make/ Model No. of clause 16 of A/T (Description of stores ordered)**
- b. **Price preference to ISI with Percentage** : N/A
- c. **Method of Purchase** : Global Tender Enquiry
- d. **Advance Sample** : Not Required.
- e. **Specification No.** : SATD/DTH Expansion_Compression Upgradation/March 2019 dated 25/03/2019. Specs amendment & clarification dated 21/05/2019 and specs Amendment dated 07/06/2019.
14. **Inspection** :
- a. **Inspection Authority** : DG: Doordarshan.
- b. **Inspection Officer** : Authorized representative of DG:DD
- c. **Terms of Inspection** :
- i. All the equipment to be supplied against this A/T (Purchase Order) for this tender shall be subjected to pre-installation inspection at Doordarshan by Doordarshan officers appointed by Doordarshan Directorate. The pre-installation inspection shall be based on manufacturers factory test results and physical verification of make and model of equipment. The successful bidder should produce the factory test reports of the offered equipment to facilitate inspection.
 - ii. Post installation inspection and commissioning of system will be carried by a team of Doordarshan officers authorised by Doordarshan Directorate and based on approved Acceptance Test Procedure (ATP)
 - iii. A draft copy of ATP (Acceptance Test Procedure) must be submitted by the bidder one month in advance of the proposed date of inspection of installed

system to Doordarshan Directorate for approval. ATP should describe the standard test procedure of individual equipment and overall system. The Factory Test Report will not be treated as ATP.

- iv. The approved ATP with or without changes shall be sent back to the successful bidder to be used for inspection and commissioning of the installed system by DD Engineer(s) at site. All the equipment required for the inspection as per the approved ATP are to be provided by the successful bidder.
- v. The SITC certificate will be issued by the team of officers appointed at S.N. 14(c) (ii) above.

15. Special Instruction

- a. CGST :
- b. SGST / UTGST : **GST @5%, @12%, @18% & @28%.**
- c. IGST :
- d. Cess or any other applicable taxes :
- e. Payment
 - (i) Paying Authority : Pay & Accounts Officer (Doordarshan), Akashwani Bhawan, Parliament Street, New Delhi-110011.
 - (ii) Bill Processing Authority : Zonal Head (Broadcast) [NZ], AIR & TV, Jamnagar House, Shahjahan Road, New Delhi - 110011.

f. Mode of payment:-

You will submit your consignee wise Tax invoices along with inspection note to concerned consignee as per AT clause 11(a). Such invoices along with provisional consignee receipt certificate will be processed and passed on to the respective Zones & PAO's for pre check and payment.

If the supplier registered under the GST regime as normal tax payer and does not show the detail(s) of invoice(s) raised on Doordarshan in his GSTR-1 for that month, Doordarshan may claim input tax credit by making entries of such invoice(s) in GSTR-2 under intimation to the supplier with a request to upload the detail(s) of these invoice(s) in his GSTR-1. In case no entry(ies) is reflected in next month GSTR-1 filed by the supplier due to which ITC claimed earlier is disallowed, Doordarshan will be free to recover the amount of GST so paid to supplier along with penalty @10% plus applicable GST there on from the subsequent payment or from PBG given by the supplier without giving any notice.

g. Terms of Payment:

80% of payment of equipment shall be paid after Inspection & receipt of equipment/ material as recorded in Provisional Consignee receipt certificate and submission of Security Deposit as certified by DG: DD. The balance 20% cost of equipment/ materials along with 100% cost of installation will be payable after satisfactory Installation, Testing and Commissioning as certified by consignee.

In case of over payment or wrong payment, if any, made to the contractor due to the wrong interpretation of the provision of the contract, or otherwise, such excess payment will be deducted in subsequent bills of the contractor or from the bills under any other contracts of the organization or from deposits of any contracts available with this organization.

h. Transit Insurance:

The purchaser will not pay separately for transit insurance and the supplier will be responsible for arrival of the entire stores contracted for in good condition at destination. The consignee will, as soon as possible but not later than 30 days of receipt of stores, notify to the contractor for any loss/damage to the stores that may have occurred during transit.

i. Other Statutory/ Local Tax etc.

In case, any Municipality insists on payment of taxes or duty, the same should be paid by the contractor to avoid delay in the supplies and possible demurrage charge. The receipt obtained for such payment should be forwarded to **Bill Processing Authority** without delay, for processing of payment. The **Bill Processing Authority** will check the claims with reference to the vouchers and counter sign the bills to authorise the payment.

j. Guarantee/ Warranty:

The following guarantee/ warranty shall form part of this contract: -

The contractor/seller hereby declares that the good, stores/articles sold/supplied to the purchaser under this contract shall be of the best quality and workmanship and new in all respect and shall be strictly in accordance with the specification and particulars contained/ mentioned in contract. The contractor / seller hereby guarantees that the said goods/stores/articles would continue to conform to the description and quality aforesaid for a period of **60 months** from the date of commissioning of the said goods/stores/ articles to the purchaser notwithstanding the fact that the purchaser (Inspector) may have inspected and/or approved the said goods/stores/articles if during the aforesaid period of **60 months** the said goods/stores/articles be discovered not to conform to the description and quality aforesaid or not giving satisfactory performance or have deteriorated and the decision of the purchaser in that behalf shall be final and binding on the Contractor /Seller and the purchaser shall be entitled to call upon the contractor/seller to rectify the goods/stores/articles or such portion thereof as is found to be defective by the purchaser within a reasonable period, or such specified period as may be allowed by the purchaser in his discretion on an application made thereof by the contractor/ Seller, and in such an event, the above mentioned guarantee/ warranty period shall apply to the goods/stores/articles rectified from the date of rectification thereof, otherwise the contractor/seller shall pay to the purchaser such compensation as may arise by reasons of the breach of the warranty herein contained.

- (i) All the offered equipment shall be guaranteed against any manufacturing defect for a period of **5 (Five) years** from the date of Commissioning.
- (ii) Any part failing during the guarantee period shall be repaired/replaced free of charge by the successful bidder at site. For repairing of any defective equipment during guarantee period, the defective module or equipment requiring repairs will be handed over to local office/local authorized representative/ dealer who will arrange repairs locally at site or send/ export the defective modules to OEM Factory and re-import/ send back after repairs.
- (iii) It is responsibility of local office/ Authorized representative/ dealer of the bidder to arrange the repair/ replacement of faulty items for Doordarshan i.e. no transportation charges would be paid by DD for transporting the defective/ repaired items, if required to be removed from site, during the guarantee period.
- (iv) Guarantee period is to be extended corresponding to the outage period if the failure rectification takes more than 15 days time.
- (v) If bidder is not OEM, then the guarantee/ warrantee in respect of the equipment as mentioned in Clause 15 (j) (ii) shall be provided by the bidder through respective OEMs.

- (vi) Guarantee that they will supply spare parts, if and when required on agreed price. The agreed basis could be including but without any limitation and agreed discount on the published catalogue or an agreed percentage of profit on the landed cost.
- (vii) Guarantee to the effect that before going out of production for the spare parts they will give adequate advance notice to the purchaser of the equipment so that the latter may undertake the balance of the lifetime requirements.
- (viii) Guarantee to the effect that they will make available the blueprints of the drawings of the spares if any when required in connection with the main equipment.
- (ix)
 - a) The guarantee includes all hardware, software and modules of the complete system.
 - b) The firm will provide up gradation of all the offered software free of charge during the Warranty period.

k. After Sales service:

It is a condition of the contract that the contractor shall be responsible for after-sales-service for the repairs/ maintenance in respect of the equipment additional 2 (Two) Years, after the completion of Guarantee/Warranty period, shall also be provided by the OEM either directly or through their local agent.

l. Correctness and completeness of stores:

The stores will be completed in every respect with mountings fittings, fixtures and standard accessories, which are normally supplied even though not specifically mentioned in the specifications. The contractor shall not be eligible for payment in respect of such mountings fittings, fixtures and standard accessories, which are needed for safe operation of the equipment. The contractor shall be responsible for the completeness of the equipment and for efficient working of the same at site.

m. The period for making risk purchase shall be nine months instead of six months as provided in sub para clause 14 (7)(iii) of the General Conditions for the contract DGS&D-68(R).

n. Repeat Order: Purchaser reserves the right to place order up to 50% of the original quantity of any item(s) on the same terms and conditions stipulated in the original acceptance of tender during the validity of this tender or within six months of the original A/T whichever is later will be obligatory on the part of the supplier to execute repeat order(s) also.

o. Failure and termination: Liquidated damages to the extent of 1/2% (half percent) of the contract price of the whole unit per week for such delay or part thereof subject to maximum of 10% of the contract price of the whole unit will be deducted from the contract in the event of failure of SITC within the contractual delivery period. The termination of the contract shall be dealt as per terms & conditions of tender document.

p. Mandatory disclosure of recipient (Doordarshan's) GSTIN on invoice:

The supplier should quote the GSTIN of the concerned unit of Doordarshan, as mentioned in **CLAUSE 11(c)** of AT, on the face of the invoice and in GSTR-1 filed by the vendor. If the above GSTIN number is not quoted on the invoice, the amount equal to the extent of ITC amount will be deducted in the payment or will be deducted in subsequent bills of the contractor or from the bills under any other contracts of the organization or from deposits of any contract available with this organization.

In case any credit, refund or benefit is denied or delayed to Doordarshan due to non-compliance by the contractor (e.g: non payment of GST on supplies, non-disclosure or incorrect disclosure in GST returns), the contractor would reimburse an amount equivalent to the loss including, but not limited to tax loss, interest and penalty to Prasar Bharati.

q. Please return acknowledgement of contract duly signed immediately.

r. This issue with the approval of 163th Prasar Bharati Board Meeting dated 15/10/2020 and concurrence of FAS vide diary no. E-16/2020-21/IFD dated 22.10.2020.

Digital encoder with SDI Input Signal for 32 SDTV channels in MPEG-2 & H.264/ MPEG-4 compression including 16 channels in H.264/ MPEG-4 & H.265/HEVC compression without any limitation by way of hardware & software upgradation. Each encoder chassis shall also be capable to take MPEG-2 TS over IP input and decode & re-encode SD & HD TV channels as per technical specifications of tender documents without any limitation by way of hardware & software upgradation. Noise reduction hardware / software for SD & HDTV, four stereo audio channel including Dolby Digital (AC-3) 5.1 Audio(decoding and encoding) & Dolby Digital plus 5.1 audio (decoding & Encoding) with audio level processor & loudness control. Logo inserter, ancillary data and dual redundant power supply units for all encoders. As per DD specs consisting of: (Titan Live Encoder)1U platform for multi-screen transcoding , Encoding IP, SDI source chassis compatible with TITAN Live/Mux Software only. Ingesting any IP source. Enables to capture up to 2 x 8 SDI inputs. In each SET, there will 4 Encoder chassis as Main. Details and No of Licenses per Encoder chassis are as follows:- Contrl. 1-TITAN-SW-SERVER-PLUS-DUM-(Titan Live Encoder)1U R640 Dell HW Chassis platform for multi-screen transcoding. Encoding IP, SDI source chassis compatible with TITAN Live/Mux Software only. Ingesting any IP source. Enables to capture up to 2 x 8 SDI inputs. 2-TL-MPEG2SD- Mpeg2 SD encoding- Number of Licenses 16 3-TL-H.264SD- Mpeg4 SD encoding- Number of Licenses 16 4-TL-H.264HD- Mpeg 4 HD encoding- Number of Licenses 4 5-TL-HEVC-HD-HEVC HD encoding- Number of Licenses 4 6-TL-ALC-Audio Level Control- Number of Licenses 4 7-TL-DD-PLUS-DEC- DOLBY PLUS DECODING- Number of Licenses 4 8-TL-DD-DEC- DOLBY DECODING- Number of Licenses 4 9-TL-DE-DEC- DOLBY E DECODING- Number of Licenses 4 10-TL-DD-PLUS-ENC-DOLBY DIGITAL PLUS ENCODING-Number of Licenses 4 11-TL-DD-ENC- DOLBY ENCODING- Number of Licenses 4 5	2	Alame	TITAN Live	8543	8521680.00	17043360	18%	3067604.80	20111164.8
29	b. Two Redundant Digital encoder chassis similar to main chassis per set without any limitation by way of hardware & software up-gradation as per DD specs. (TITAN-SW-SERVER-PLUS-DUM) In each SET, there will 2 Encoder Chassis as backup. Details and No of Licenses per Encoder Chassis are as follows:- 1-TITAN-SW-SERVER-PLUS-DUM-(Titan Live Encoder)1U R640 Dell HW Chassis platform for multi-screen transcoding. Encoding IP, SDI source chassis compatible with TITAN Live/Mux Software only. Ingesting any IP source.
